Manouba, Tunisia

As a skilled UI/UX Designer, I excel in creating intuitive and visually compelling interfaces that enhance user engagement. My expertise lies in wireframing, prototyping, and responsive design, transforming complex user needs into seamless digital experiences.

## Work Experience

### Multimedia Project Manager

Holistic Winter,

September 2022 - to this day

- Developed and led multimedia projects, from concept to completion.
- Efficiently set project budgets and timelines, ensuring on-time delivery.
- Collaborated with cross-functional teams, enhancing project cohesion and creativity.
- Managed client and stakeholder expectations with clear communication and creative solutions.
- Identified and resolved design issues promptly, maintaining project integrity.
- Monitored quality and client satisfaction, upholding high design standards.
- Analyzed project outcomes to refine and improve future design strategies.

### UI/UX Designer

Azimuth Solutions

July 2021 - August 2022

- Conceptualized and crafted graphic designs for diverse communication channels.
- Collaborated closely with marketing teams and clients to align with their visions.
- Utilized a range of graphic design tools and techniques to produce high-quality visuals.
- Managed projects and coordinated directly with clients for seamless execution.
- Created and edited photographs and videos, enhancing project storytelling.
- Employed animation techniques to generate engaging visual effects.
- Designed impactful visual presentations for clients and business partners.

### UI/UX Designer

Azimuth Solutions

July 2018- August 2019

- Contributed to team projects enhancing the company's brand image.
- Researched and analyzed industry trends to keep designs current and innovative.
- Designed a variety of print materials including brochures, flyers, and business cards.
- Utilized infographics to simplify and visually communicate complex data.
- Developed mockups and prototypes to conceptualize design projects.
- Edited and enhanced images and videos to elevate visual appeal.
- Worked closely with clients and vendors to fulfill specific design needs.
